Introduction

Description

This modpack is a very light pack for those who want to discover the modded experience.

With only ~30 mods, it add some improvement and addition without distort the vanilla feeling.

It actually doesn't add any quest, minimap or JEI to keep a total immersion. You can propose this pack to players that are reticent to modded experience !

A server pack is also available in the files list, pre-configured for a good experience.

Don't forget to adjust the "server.properties" and "user_jvm_args.txt" to suit your needs.
